

CONTENT

BIOLOGICAL RESOURCES

Fuks G. V.

Biological parameters and growth peculiarities
of the common dab *Limanda limanda* (L., 1758) White Sea Chupa bay 4

Semenchenko S. M., Smeshlivaya N. V.

Spawning of whitefish Coregonidae..... 17

Lugaskov A. V., Silivrov S. P.

Information on the biology of the European whitefish *Coregonus albula*,
acclimatized in the Lower Kachkanar reservoir (Middle Urals) 45

ECOLOGY

Eremkina T. V.

Characteristics of phytoplankton in the Iriklin reservoir..... 51

Taskaeva K. R., Abdullina G. Kh., Smolina N. V., Taskaev A. S.

Species composition, population and biomass of autumn zooplankton
of the Big Taraskul Lake in the Tyumen region 69

PARASITOLOGY

Pronina G. I., Petrushin A. B., Petrov A. S., Kudryavtseva A. D.

Blood parameters of juvenile carp during ligulosis infestation..... 76

FISHERIES AND AQUACULTURE

Simonov V. M., Dementiev V. N., Mustaev S. B., Shart L. A.

Variability of the morphotype of juvenile carp fish
during their rearing in different pond and feeding conditions 84

Rules for authors of Bulletin of Fisheries Science..... 95
