

CONTENT

ECOLOGY

Izimetova M.F., Shundeev A.L.

The hydrochemical regime and the Smolino lake's water quality (Chelyabinsk region)..... 4

Simonov V.M., Vinogradov E.V.

Dependence of morphological features of carp *Cyprinus carpio* (L.)
on its resistance to the influence of unfavorable environmental conditions 16

BIOLOGICAL RESOURCES

Matkovsky A.K.

Causes of semidiadromous whitefish population reduction in Ob-Irtysh basin 27

Telezhnikova T.A., Saifullin R.R., Severov Y.A., Nuretdinov R.R.

Biological parameters and morphological characteristics
of the perch (*Perca fluviatilis* Linnaeus, 1758)
of the central part of the Kuibyshev reservoir 49

FISHERIES AND AQUACULTURE

Semenchenko S.M., Smeshlivaya N.V., Beloslutskaya T.V.

Relationship between dynamics of elimination and resistance to mechanical influences
of Coregonidae fish embryos during incubation 59

Legkodimova Z.I., Silnikova G.V., Kiyashko V.V.,

Maslikov V.P., Gashnikov M.P., Alexandrov Ya.V.

Experience of rearing larger mass fish material
in the ponds of the IVth fish-breeding zone..... 74

Krokhalevskiy V.R.

Results of the institute's scientific work for 55 years (1963–2018).
Second release. SibrybNIIproekt (1981–2001) 83

Rules for authors of Bulletin of Fisheries Science..... 100
